Research Appointment

Research Assistant, Institute for Public Policy Research and Analysis: 2020 – Current
National emergency manager survey- A nationwide survey of emergency managers to understand their bureaucratic roles. In this role I assist with data collection, building and administering the survey.

Research Interest

My research analyzes social equity in the space of disasters by looking at representation at the local level and the public perception of disaster funding allocation. In addition, I research the communities trust in nonprofits and its role in creating equitable policy for socially vulnerable communities.
